

TOP AIR 3-POINT SPRAYERS

300-GALLON

3-POINT SPRAYER FEATURES AND BENEFITS

- Equipped with a 300-gallon capacity tank, hydraulic pump and manual agitation control.
- Available with a 45' manual, 45' or 60' hydraulic cross-fold, self-leveling boom with three-section boom shutoff.
- Patented outer wing breakaway quickly returns to spraying position should it come into contact with an obstruction.
- Compact design and fold for narrow transport width and height, along with standard parking stands for easy storage.
- Slow moving vehicle sign and reflective striping for safer road travel.
- Optional fence-row nozzle kit for operator convenience.
- Nozzle spacing available in 15" or 20" to meet the needs of different operations.
- Hydraulic vertical height control on the 45' and 60' hydraulic cross-fold booms allows for easier spraying of taller crops.
- Powder-coated frame and boom for a long-lasting, high-quality finish.
- Optional foam marker gives you precise spraying pass after pass.
