

TOP AIR® TA 550 T-TANK SPRAYER

Meeting Your Spraying Needs to a "T"

When your operation depends on timely application, look no further than the traditional 550 T-Tank from Top Air. With a variety of boom choices and a 550-gallon capacity, this time-tested sprayer will meet your toughest spraying requirements.

TA 550 T-Tank Sprayer Features and Benefits

- The ample 550-gallon tank capacity is optimum for mid-sized farmer operations.
- Nine-gallon clean water tank with eyewash tube, spout and storage compartment.
- Booms available for the TA 550 — 45' manual-fold, 45' hydraulic cross-fold and 60' hydraulic cross-fold.
- Stainless steel interior baffle offers optimum load stabilization, while two interior agitators keep the spray solution properly suspended.
- Centralized Command Center provides easy access to sprayer functions and is also equipped with a 2" quick-fill for fast filling.
- Unique three-way, fully adjustable axle allows (1) front-to-back adjustment for proper balancing of the sprayer to match the boom size; (2) width adjustment from 60" to 120" inches to match rows as narrow as 15"; (3) height adjustment for proper crop clearance.
- Patented Top Air roller and ramp breakaway helps protect the outer boom wings by allowing the wings to swing back clearing any objects in which inadvertent contact is made.
- Self-leveling cross-fold booms feature on-the-go hydraulic height adjustability, for crop clearances of 14"-62", depending on trailer axle setting and wheel option.

Accessories

- 50-gallon rinse tank
- Electric over hydraulic kits offered on 60' cross-fold and 45' hydraulic cross-fold booms
- Manually controlled fence-row nozzle kit
- 15-gallon chemical inductor
- Foam marker
- Hydraulic hose kits
